

Dowel Pin

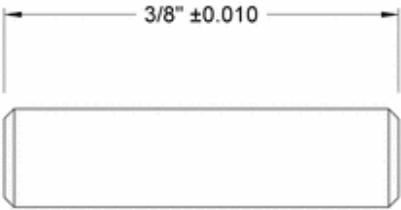

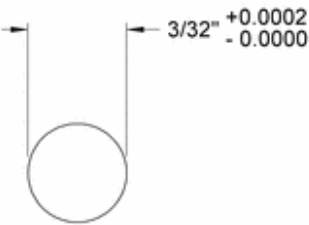

316 Stainless Steel, 3/32" Diameter, 3/8" Long

In stock
\$7.06 per pack of 10
97395A425

Diameter	3/32"
Length	3/8"
Diameter Tolerance	0" to 0.0002"
Tolerance Rating	Standard
Material	316 Stainless Steel
Min. Hardness	Not Rated
Breaking Strength	Not Rated
Surface Type	Smooth
Mechanical Finish	Precision Ground
End Style	Beveled or Rounded
Pin Type	Dowel
System of Measurement	Inch
RoHS	Compliant

Our most corrosion resistant dowel pins. They are precision ground for accurate alignment, and sized to be at the nominal diameter or larger for a tight fit. The pins may be magnetic and the ends are beveled or rounded to aid insertion. They are commonly used as pivots, hinges, shafts, jigs, and fixtures to locate or hold parts. For a tight fit, your hole should be equal to or slightly smaller than the diameter shown.
